Edgewood, NM – The Town of Edgewood now has free wireless internet at our two local municipal parks. The project, funded in part by a grant from the New Mexico State Attorney General’s Office, will be maintained by the Town and provide parkgoers with free WiFi at the Soccer Field Park (*Venus Park*) and the Community Center Park (*Bassett Park*).

Every day we see how vital Internet access is to connecting people with job opportunities, educational resources, and local services. It also allows for people to stay connected to family and friends through email and social media and encourages them to be engaged members of the community.

The ability to connect to the Internet for free will provide a 21st-century amenity in our parks and adjoining neighborhoods and will help us as we continue to work toward closing the digital divide.
